

It's On Repeat

It's on repeat
Complaints can be turned in to me
What's up your sleeve?
Fair game on return from the freeze

It's twice my size, dream on he cries

Time flies, this implies you must wait
Disguised, unwise in this state
Sunrise, your eyes deviate

It's on repeat
The rain steams upon the street
I watch him leave
Head straight to the surf at the sea

It's twice my size, push on he cries
Blood lines show signs
Seventeen days away

Time flies, ten replies, propagate
Revise advice, explicate
Sunrise, your eyes calibrate

It's on repeat
